

Mechanical Engineer - Plastic Industry

Kibbechem, Inc. Elkhart, IN

About Us: At Kibbechem, we are pioneers in the plastic additive industry, dedicated to innovation, quality, and sustainability. Our team is enthusiastic about creating high-performance plastic additives that are effective in various sectors.

Job Description: We are seeking a talented and motivated Engineer to join our team. The ideal candidate would be a hands-on engineer, with specific experience in the plastic industry.

Key Responsibilities:

- Optimize manufacturing processes through maintenance to improve efficiency and quality.
- Conduct research and development to innovate new equipment.
- Collaborate with cross-functional teams to ensure project success.
- Troubleshoot and resolve engineering issues in the production process.

Qualifications:

- Bachelor's degree in mechanical engineering or related field.
- Minimum of 3 years of experience in the plastic industry.
- Proficiency in CAD software (e.g., SolidWorks, AutoCAD).
- Strong understanding of plastic materials and manufacturing processes.
- Critical thinking skills and attention to detail.

What We Offer:

- Competitive salary based on experience.
- Opportunities for professional growth and development.
- Full benefits package (health, dental, 401k)
- Opportunity to lead a growing team in a thriving industry

How to Apply: Interested candidates may submit their resume and cover letter to carreer@kibbechem.com
